# The exclusive system of non-invasive anti-ageing cosmeceuticals

GCC Beauty cosmeceuticals combine functions of cosmetics and pharmaceuticals. We use advanced methods of production to bring you the best of what nature has to offer.

Our cosmeceuticals are something more than beauty products. They will rejuvenate and rehydrate your skin, while some of their healing properties will reduce scars or sunburn - all completely non-invasive.

The GCC Group promotes naturalness and eco-friendliness to bring visible anti-ageing properties to our products. Our line of cosmeceuticals is based on natural oils and extracts that nourish and protect the skin and at the same time stimulate its own restructuring and recovery mechanisms.

We are offering you a complete system to be used for day and night application that will result in a visibly healthier and more radiant look. Get to know the benefits of natural skin care!

# Biorestore Needle Free

A compound of selected amino acids, polypeptides and potent plant extracts which target and diminish deep wrinkles and expression lines. This hi-tech product provides unique protection to epidermal stem cells, increasing stem cell longevity, limiting the formation of wrinkles and lines and stimulating growth and quality of the epidermis. The slow-releasing cocktail of antioxidants and active ingredients encourages the plaiting of new collagen and elastin strands which are beneficial for scarring, imperfections, thinning skin, dark circles and broken capillaries.

**Function:** Facial cream recommended to more mature clients aged 40+

**Directions for use:** Apply a small amount of BIORESTORE cream over the face and neck area, targeting deep wrinkles, dark circles, discolorations or any other imperfections in need of special attention.

For maximum effect start with GCC Beauty - VITAMIN A SERUM, followed by BIORESTORE and finish with DAY BALANCE CREAM or Night Lift.

**Botanical ingredients:** Acmeilla Oleracea Extract, Moringa Pterygosperma Seed Extract, Cucumis Melo Fruit Extract.

# Night Lift

Night Lift cream is formulated to actively reconstruct collagen and elastin bonds and regenerate the skin while you sleep. The scientifically advanced ingredients increase hydration levels and reduce free radicals. Night Lift supports the skin's natural repair process and has softening, hydrating properties which result in increased smoothness and noticeably decreased wrinkles.

Function: Night facial treatment recommended to clients concerned with visible signs of ageing.

Directions for use: **SHAKE WELL BEFORE USE.** After cleansing in the evening apply to the face and neck area. Massage gently in a circular motion. If the product enters the eyes, wash out thoroughly with plenty of clean water.

Botanical ingredients: Beta Vulgaris Root Extract, Tilia Cordata Extract, Dioscorea Villosa Root Extract, Laminaria Ochroleuca Extract, Haberlea Rhodopensis Leaf Extract, Solanum Melogena Fruit Extract, Helianthus Annuus Seed Extract, Triticum vulgare Germ Oil.

# Day Balance Cream

Deeply rehydrating and anti-ageing product for a healthy glowing look. The complex formulation is carefully balanced to rehabilitate the skin deep down and repair damage caused by free radicals. Elasticity and tonicity is improved, resulting in firmer, younger-looking skin, while active ingredients protect and nourish it, combating visible signs of ageing.

**Function:** Day facial cream recommended to clients concerned with visible signs of ageing.

**Directions for use:** Every morning apply to the face and neck after thorough cleansing and serum application. Massage gently in an upwards circular motion.

**Botanical ingredients:** Simmondsia Chinensis Seed Oil, Butyrospermum Parkii Butter, Orbignya Oleifera Seed Oil, Helianthus Annuus Seed Extract, Plukenetia Volubilis Seed Oil, Helianthus Annuus Seed Oil, Arachis Hypogaea Oil, Laminaria Ochroleuca Extract, Arnica Montana Flower Extract, Cucumis Sativus Fruit Extract, Sambucus Nigra Flower Extract, Hedera Helix Leaf/Stem Extract, Malva Sylvestris Extract, Parietaria Officinalis Extract.

# Vitamin A Serum

Active plumping and anti-ageing serum for more mature skin, specifically formulated to remobilize its own healing mechanisms. Bio-identical lipids create a protective layer which moisturize and assist in restoring softness and suppleness. It deeply rehydrates the skin, supplying it with vital nutrients which prepare and condition the skin to maximize the benefits of GCC Beauty DAY and NIGHT treatments

Function: Facial serum recommended to mature clients aged 40+

Directions for use: After cleansing apply a very small amount of VITAMIN A SERUM. Due to the very high content of vitamin A in this product, it is not recommended to use more than one drop of serum per application. The serum has a very rich consistency; therefore it should be applied by lightly patting over targeted areas of the skin. Allow a few minutes to absorb before applying DAY BALANCE CREAM.

Botanical ingredients: Helianthus Annuus Seed Oil, Persea Gracilis Oil, Oenothera Biennis Oil, Orbignya Oleifera Seed Oil, Simmondsia Chinensis Seed Oil, Aloe Barbadensis Leaf Extract, Euterpe Oleracea Fruit Oil, Sclerocarya Birrea Seed Oil, Mauritia Flexuosa Fruit Oil, Cocos Nucifera Oil, Irvingia Gabonensis Kernel Butter, Gardenia Tahitensis Flower.

GCC Beauty

**Moderate the visible signs of ageing with GCC Beauty cosmeceuticals.**

**The clinically tested line of GCC Beauty products reduce wrinkles and furrows and will help you acquire a balanced, refreshed and radiant skin tone.**

**Our cosmeceuticals use natural extracts, have neutral scent that will not interfere with your fragrance, and absorb fast to give you maximum comfort.**

**Use the complete system for day and night care and see the great results yourself!**
